From the Chairman

So where does one find inspiration to write your first newsletter to the Chamber of Commerce when it's about 12 degrees outside and you're in a cabin with a not-so-quiet group of Boy Scouts and leaders? As it turns out, all I had to do was look around. It's all about some "old-fashioned" ways of doing things.

While this is the one campout per year that the boys are allowed to bring handheld video games and gadgets, the only electronics in use are for music. Believe it or not, all of them are engaged in playing board games, and having a blast! They're noisy, but not out of control. They're competing, but having fun. They're learning and they don't even realize it!

What in the world does this have to do with business or the chamber you ask? I see a lot of parallels. Do you ever stop and ask yourself, "How did the pace get to this point?" Are you a slave to your gadgets? There are times that electronic communication is much, much more efficient than anything else. It's often a necessity of life. But what about good 'ole face-to-face interactions? Words in an email are specific, but conversations in person are rich. In business, you can learn much more about colleagues, customers, and suppliers when you actually meet with them. Conversations can turn transactions (which are way too easy to replace) into an ongoing business relationship.

One of the many things that the MHCC offers its members is an opportunity to build those relationships. At the very least, you have an incredibly safe environment to practice. But to enjoy his benefit, you have to put a little effort into it. While our luncheons, events, meetings, and ribbon cuttings aren't centered on winning a board game, I always see a lot of people having fun, interacting, and learning. If you haven't joined us in a while, give it a try... roll the dice! You may not end up with a Monopoly, but I've often heard these old-fashioned interactions help you in the game of Life!!!

MARYLAND HEIGHTS CHAMBER OF COMMERCE AND ONEWAY CONSTRUCTION PRESENT: THE INAUGURAL 9 HOLE/ PAR 3 GOLF TOURNAMENT

MARCH 28, 2013

Dorsett Road Improvements

In January, Maryland Heights embarked on a six-month study of ways to improve Dorsett Road with a \$500,000 federal grant awarded through the St. Louis Great Streets Initiative.

The initiative was started in St. Louis by East-West Gateway in 2006 as a way to help local communities think differently about creating interesting, lively streets that serve everyone in the area.

Perkins applied for the funding for the study and said the city will spend the next few months examining everything in and around Dorsett Road, from Marine to Lindbergh.

A great street is, "a place that you want to go," she said. "You're comfortable there in whatever mode you're traveling. Whether you're walking, running or in a car. It's a destination in itself -- look at the Loop or Washington Avenue."

The study will look at design elements and public art as ways to unify the whole street and make it a comfortable place to walk and ride.

"You can walk on a sidewalk from end to end but we'll try to make that a more pleasant experience," she said.

They'll also look at what the city can do to bring business to the corridor and enhance the businesses that are already there. One possibility might be enacting new zoning codes that would set standards for businesses in the corridor, requiring them to add certain type of landscaping or meet other standards. Residents and business owners will be asked to give input during three public meetings set for sometime this spring.

Once the study is complete, the consultant team will provide concrete steps to the city to help implement the plan. The city has budgeted money for the next two years to put the plan in place.

"There's a lot you can do for planning, but there's a lot that occurs organically," she said. "If you think about what Joe Edwards (owner of Bluberry Hill) was able to do in the Loop, a lot of that stuff people are just drawn to because it's cool."

- The minimum wage will increase from \$7.25 to \$7.35 an hour effective Jan. 1, 2013. Employers who make less than a gross income of \$500,000 do not have to pay the state minimum wage.

- Move Over Law: As of Aug. 28, it was mandatory to shift lanes to give stopped police cars, emergency vehicles and transportation department vehicles extra room on the highway.

- HB1188 allows a school nurse to administer asthma rescue medications under certain circumstances.

In honor of Veterans Day, the credit union donated \$5 to the USO for each new member account, new loan or new checking account opened during the month of November.

"Electro is happy to make this donation to the USO in their support our military. Our active duty, veterans along with their families sacrifice so much for us through their service.
